LB 532, 52

amendment to LB 532 vote aye, opposed nay. Have you all voted? Senator Bereuter requests a record vote. So ordered. Record the vote and have a record vote. Report the vote as a record.

CLERK: Record vote read. (See page 2126, Legislative Journal.) 26 ayes, 9 nays, 14 not voting.

SPEAKER LUEDTKE: The motion is approved. Senator Cullan, do you want to move the bill back.

SENATOR CULLAN: Mr. President, members of the Legislature, I move that LB 532 as amended be advanced to F & R for engrossment.

SPEAKER LUEDTKE: Motion to return LB 532 to F & R for engrossment. All those in favor say aye. Opposed nay. The bill, LB 532, is returned to E & R for engrossment.

CLERK: Mr. President, LB 52 is on Select File. There are E & R amendments.

SPEAKER LUEDTKE: Senator Cullan.

SENATOR CULLAN: Mr. President, members of the Legislature, I move that the E & R amendments to LB 532 be adopted.

SPEAKER LUEDTKE: 52.

SENATOR CULLAN: Excuse me, 52.

SPEAKER LUEDTKE: Motion to adopt the E & R amendments to LB 52. Any discussion. All those in favor of adopting the E & R amendments on LB 52 say aye, opposed nay. The E & R amendments on LB 52 are adopted.

CLERK: All right, now, Mr. President, a motion on the desk.

SPEAKER LUEDTKE: Read the motion.

CLERK: Read motion. Signed Senator DeCamp. (See page 2127, Legislative Journal.)

SPEAKER LUEDTKE: 1832 and what? And 33. The Chair recognizes Senator DeCamp.

SENATOR DeCAMP: Shouldn't take but a second. This just eliminated all that checkoff stuff and cleans it up so that the only thing we have in the bill is the five cents gas credit or credit for manufacture of grain alcohol and that fits in or meshes in with that federal legislation that Charlie Thone and our members of Congress, in both the House and Senate, are getting passed so that Nebraska would be the one in the gasohol or grain alcohol production field. But there were a lot of concerns about checkoff programs. There were a lot of concerns about all these other things. We are eliminating all of that and, as I said, we'd do this on Select File, just retaining the five cent thing and up to 20 million gallons of production. Any questions I will answer them. Otherwise, that is all it is.

SPEAKER LUEDTKE: The Chair recognizes Senator Keyes.
